ABOUT US

At SIRAPHAN SAMOONPRI Thailand, we are highly committed to the manufacturing of high quality examination gloves and to delivering the best hand protection solutions to our customers.

The reasons behind the company's strong reputation and reliable products are its stringent quality control procedures and experienced management team. Members of the management and sales team hail from Europe, combining of local experience in producing latex gloves with the European standards of quality assurance and professional service.

Supported by a network of distribution centres in Europe, SIRAPHAN SAMOONPRI is now one of the well-known suppliers of contamination prevention products in Europe.

ABOUT US

location

SIRAPHAN SAMOONPRI Thailand is located in the prime rubber producing area of the Ratthapum , Chon Buri is a province in the eastern region of Thailand.

This strategic location enables SIRAPHAN SAMOONPRI to have easy access to natural resources, and therefore to manufacture affordable, high quality hand protection products.
